## BUY UNITED NATIONS STAMPS

From the historic words of the Charter, to achievements in the field of development, peace-keeping, world health; from the welfare of children to the conservation of the environment, to technology in the service of all mankind — United Nations stamps span the spectrum of what the United Nations is all about.

United Nations stamps chronicle YOUR work in a unique way: miniature pieces of art and world-renowned graphic design illustrate the aims and achievements of the Organization.

Now is the time to collect United Nations stamps and create your very own and personal record of the history of world events — for yourself, a friend or a member of the family — in a language understood the world over.

UN stamps may be purchased at the UNPA Sales Counter located on the GA Concourse level.

**0**

If a prompt answer is not received, dial zero and ask for the required emergency service.  
Si l'on n'obtient pas de réponse rapidement, appeler le zéro et demander le service d'urgence requis.

## INSTRUCTIONS FOR TELEPHONE USERS

The United Nations Telephone System is an automated digital Private Automatic Branch Exchange (PABX). All new telephones are push button and as a minimum will have the following:

| Feature                     | Function                                                      |
|-----------------------------|---------------------------------------------------------------|
| <b>Transfer</b>             | Transfers calls without operator assistance                   |
| <b>Hold</b>                 | Places caller on hold while another call is made on same line |
| <b>Call pick-up</b>         | Allows user to answer call ringing on another line            |
| <b>Call waiting</b>         | Accepts call while engaged                                    |
| <b>Conference</b>           | Joins several parties on same call                            |
| <b>Call forward</b>         | Redirects calls to another number                             |
| <b>Last number redial</b>   | Automatically redials the last outside call placed            |
| <b>Call back</b>            | Calls user back when line called is free                      |
| <b>Abbreviated dialling</b> | Stores numbers for quick dialling                             |

Telephone users are requested to refer to their respective user's guide for detailed information. ( If further information is needed contact ext. 3.7528.)

### MEETING EXCHANGE (MX)

The meeting exchange facility (MX) which allows users to dial into conference rooms has been incorporated into the telephone system. This service is limited to those whose functions require the monitoring of substantive activities of various meetings. Requests for installing MX facilities must be sent first to the Executive Office with appropriate justification. Once approved, they should be submitted to the Chief, Telecommunications Section.

### INTERNAL CALLS (WITHIN THE UN'S TELEPHONE SYSTEM)

Consult this directory for extension number. Listen for dial tone, which is a continuous tone, then dial "3" followed by the four digit extension number. If you receive a busy tone replace receiver, wait a few minutes and dial again.

### INTERNAL CALLS TO UNDP AND UNICEF

Internal calls from telephones on the UN system may be made to UNDP by dialling the access code "4", waiting for the dial tone and then dialling the UNDP four-digit extension. For example, to reach the UNDP operator dial 4 + dial tone + 5000. Internal calls originating from UNDP to the UN may be made by dialling the access code "2", waiting for the dial tone and then dialling the UN five-digit extension.

Internal calls from telephones on the UN system may be made to UNICEF by dialling the access code "5", waiting for the dial tone and then dialling the UNICEF four-digit extension. For example, to reach the UNICEF operator dial 5 + dial tone + 7000. Internal calls originating from UNICEF to the UN may be made by dialling the access code "8", waiting for the dial tone and then dialling "3" + the UN four-digit extension.

### CREDIT ON CALLS

It is important to ask for credit immediately if you get cut off, reach a wrong number or receive poor transmission. Dial "9" + "211" for calls made to points in the United States or Canada and explain the problem to the Operator. Credit will be given for the call. Dial "9" + "0" to reach the Operator for credit on overseas calls. All requests for credit should be noted on the Telephone Log (COM.11).

### OPERATOR-ASSISTED CALLS

If your telephone is equipped for direct distance dialling and you wish to make a call which cannot be dialled directly, dial "9" + "0" to reach the telephone company Operator. Calls which are in this category are person-to-person, collect (the party being called will accept the charges) and calls to countries which are not presently included in the International Direct Distance Dialling Service.

### PERSONAL CALLS

Personal calls must not be billed to any United Nations number. Staff members may place a personal call to be billed to a third number by dialling the United Nations Operator. If you do not have a home telephone number for third number billing, you will find public telephones throughout the buildings for your convenience. Some of these will accept Calling Card or Collect calls without the use of coins. The telephone company will also provide subscribers with a Calling Card, for which there is no fee. Calling Card calls are 60 per cent cheaper than third party calls. Calling Cards will be issued only to persons who have a home telephone number against which the calls can be charged.

### INFORMATION

To find an extension or room number which does not appear in this directory, dial 0. Whenever possible give your extension to anybody who may have need to call you. Callers from outside should be given the number as (212) 963-XXXX.

## CHANGES OF OFFICE OR TELEPHONE EXTENSION

To report any change of extension or room number, complete the form attached to the telephone directory and return it to Room S-2286.

## DIRECTORIES

United Nations - Extra Copies - Call Documents Distribution  
Manhattan (for office copies) - Dial 3.7273.  
United States and overseas (reference only) - Room L-105

## INCOMING CALLS

Identify yourself or your department.

## OUTGOING LOCAL CALLS

Listen for dial tone. Dial "9" and then dial the local number for Manhattan, and the Bronx. For Queens, Brooklyn and Staten Island, dial as follows:

| Line | - | Access | - | Area Code | - | Local No. |
|------|---|--------|---|-----------|---|-----------|
| 9    | + | 1      | + | 718       | + | 555-1234  |

All local calls made into the above five boroughs of New York City are automatically timed and charged by the New York Telephone Company computers, and the United Nations is billed for each local call. Staff members are asked to co-operate by limiting the number and duration of such calls.

## LEASED LINES

Leased lines are available to Addis Ababa, Bangkok, Geneva, Nairobi, Santiago and Vienna.

For official calls to Addis Ababa, Bangkok and Nairobi dial "0" to reach the United Nations Operator. Users should ask if the leased lines are open and are requested to accept all reasonable delays before making a Direct Distance call.

Telephone access to Geneva, Santiago and Vienna allows the direct dialling of an extension without operator assistance.

Access to these locations can be made by dialling a two-digit access code to the leased circuits, wait for the dial tone from the remote telephone system and then dial the local extension you wish to reach.

| CITY     | Access Code<br>to<br>the leased<br>circuits |
|----------|---------------------------------------------|
| Geneva   | 26                                          |
| Santiago | 29                                          |
| Vienna   | 28                                          |

1. United Nations Offices at Geneva outside the Palais des Nations, such as the specialized agencies, as well as other Geneva numbers, can be accessed by using the following procedure :

- Dial 26 and wait for the dial tone from the United Nations Office at Geneva's telephone system;
- Dial "0" and wait for the "outside" Geneva dial tone;
- Dial the Geneva telephone number.

2. Calls to Santiago, outside the ECLAC office can be made as follows :

- Dial 29 and wait for the dial tone from the ECLAC telephone system;
- Dial 9 and wait for the "outside" dial tone from the city exchange;
- Dial the Santiago telephone number.

3. The direct dial feature for Vienna telephone numbers outside the United Nations Office at Vienna is not available at the present time.

## TOLLS AND LONG DISTANCE CALLS - OFFICIAL CALLS ONLY

If your telephone is equipped for direct distance dialling, all points in the United States may be dialled directly by you without assistance from the Operator. Direct distance dialling in the United States is faster and cheaper. Please restrict the number of such calls to the efficient minimum. To make a Toll or Long distance Call, dial as follows:

| Line | - | Access | - | Area Code | - | Local No. |
|------|---|--------|---|-----------|---|-----------|
| 9    | + | 1      | + | 201       | + | 555-1234  |

## INTERNATIONAL DIRECT DISTANCE DIALLING - OFFICIAL CALLS ONLY

To make an International Direct Distance Dialling (IDDD) call to London, dial as follows:

| Line | - | International<br>Access | - | Country<br>Code | - | City<br>Code | - | Local No.<br>Number |
|------|---|-------------------------|---|-----------------|---|--------------|---|---------------------|
| 9    | + | 011                     | + | 44              | + | 1            | + | 986-5432            |

All long distance and overseas calls are billed by the telephone company to the calling number for easy identification. All such calls, including Collect calls, must be recorded. A Telephone Log (COM.11) may be obtained from Stores Control

Unit, Ext. 3.7273, and should be used for this purpose. All Collect calls are billed to the United Nations account and staff members are asked not to accept such calls except under special circumstances and from areas with communications difficulties.

When you reach your number on IDDD, announce at once that this is a long distance or overseas call and give the extension you require if known. This is to ensure that your call is handled as quickly as possible; otherwise your call may be delayed. In addition, if a call is not answered by the fifth ring, please hang up and try again later. The PABX records prolonged ringing as a completed call. On IDDD calls, the calling number is billed automatically the moment the distant party answers.

#### INSTALLATION OF EQUIPMENT

For installation involving moves, adds, disconnects and/or changes in the existing telephone equipment a "Request for Telephone Services" form must be submitted to the Chief of Telecommunications Section through your Executive Office. Form COM.10 should be used for this purpose which may be obtained from Stores Control Unit Ext. 3.7273.

TELEPHONE INSTALLATION : Dial 3.7528.

TELEPHONE BILLING : Contact your Executive Office.

TELEPHONE REPAIRS : Dial 3.7033.

#### SNOW EMERGENCIES OR OTHER CONDITIONS

Staff members may call (212) 963-6666 to check whether the building is closed due to snow or other emergencies.

## UTILISATION DU TELEPHONE

Le système téléphonique des Nations Unies est un autocommutateur privé numérique. Tous les nouveaux téléphones sont des appareils à touches et ils offrent au minimum les fonctions suivantes :

| Fonction                                                    | Usage                                                                                                                          |
|-------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| <b>Transfer (transfert)</b>                                 | Relaie les appels vers un autre poste sans intervention d'un standardiste                                                      |
| <b>Hold (mise en attente)</b>                               | Place le correspondant en attente pendant l'établissement ou la réception d'une communication sur la même ligne                |
| <b>Call pick-up (interception)</b>                          | Permet d'intercepter un appel à destination d'un autre poste                                                                   |
| <b>Call waiting (appel en attente)</b>                      | Permet de répondre à un appel alors qu'une communication est déjà en cours sur la ligne                                        |
| <b>Conference (conférence)</b>                              | Met en communication plus de deux correspondants                                                                               |
| <b>Call forward (renvoi automatique)</b>                    | Renvoie automatiquement les appels à un autre numéro                                                                           |
| <b>Last number redial (recomposition du dernier numéro)</b> | Recompose automatiquement le dernier numéro appelé à l'extérieur                                                               |
| <b>Call back (rappel)</b>                                   | Rappelle automatiquement un numéro occupé lorsqu'il se libère; permet, en cas de non-réponse, de laisser un message de rappel. |
| <b>Abbreviated dialling (composition abrégée)</b>           | Stocke certains numéros pour composition rapide                                                                                |

Les usagers sont priés de se reporter, pour plus de détails, au mode d'emploi qui leur a été distribué. (S'ils ont besoin d'explications supplémentaires, ils peuvent appeler le poste 3.7528.)

### SYSTEME D'ECOUTE DES SEANCES (MX)

L'installation téléphonique comporte un système d'écoute des séances (MX) qui permet aux usagers d'appeler les salles de conférence. Seules ont accès à ce service les personnes qui, dans l'exercice de leurs fonctions, doivent suivre les débats de divers organes. Les demandes d'installation de ce système doivent être adressées au service administratif dont relève l'usager, accompagnées d'une justification. Une fois approuvées, les demandes sont soumises au Chef de la Section des télécommunications.

### COMMUNICATIONS INTERIEURES (RESEAU TELEPHONIQUE DE L'ONU)

Cherchez le numéro du poste dans le présent répertoire; attendez la tonalité de manœuvre (bourdonnement continu), puis composez le "3", suivi du numéro à quatre chiffres désiré. Si la ligne n'est pas libre, raccrochez, attendez quelques minutes et recommencez l'opération.

### COMMUNICATIONS INTERIEURES ENTRE L'ONU ET LE PNUD ET L'UNICEF

Il est possible d'appeler le PNUD à partir d'un poste du réseau de l'ONU en composant l'indicatif "4", puis, une fois une deuxième tonalité de manœuvre obtenue, le numéro à quatre chiffres du poste du PNUD. Par exemple, pour appeler le standard du PNUD, chiffrez le 4, attendez la deuxième tonalité et composez le 5000. A l'inverse, on pourra appeler l'ONU à partir du PNUD en composant l'indicatif "2", puis après avoir obtenu la deuxième tonalité, le numéro à cinq chiffres du poste de l'ONU.

Il est aussi possible d'appeler l'UNICEF à partir d'un poste du réseau de l'ONU en composant l'indicatif "5", puis, une fois une deuxième tonalité de manœuvre obtenue, le numéro à quatre chiffres du poste de l'UNICEF. Par exemple pour appeler le standard de l'UNICEF chiffrez le 5, attendez la deuxième tonalité et composez le 7000. A l'inverse on pourra appeler l'ONU à partir de l'UNICEF en composant l'indicatif "8", puis, une fois une deuxième tonalité de manœuvre obtenue, composez le "3", suivi du numéro à quatre chiffres du poste de l'ONU.

### DEFALCATION DE COMMUNICATIONS INTERURBAINES

Si vous n'avez pas obtenu le numéro désiré, si la communication a été mauvaise ou si elle a été interrompue, demandez immédiatement la défalcation de la taxe. Composez le "9", puis le "211" pour les appels vers les Etats-Unis ou le Canada et faites part de vos difficultés à l'opérateur. La taxe sera défalquée de la facture de téléphone de l'ONU. Pour les réclamations concernant les appels internationaux, composez le "9" puis le "0" pour obtenir l'opérateur. Toutes les demandes de défalcation doivent être consignées sur le relevé téléphonique spécial (COM.11).

### COMMUNICATIONS NON AUTOMATIQUES

Si, votre poste étant relié au réseau automatique interurbain, vous souhaitez néanmoins établir une communication interurbaine non automatique, appelez l'opérateur de la compagnie du téléphone en composant le "9", puis le "0". Font partie de cette catégorie les appels avec préavis, les appels en PCV (votre correspondant accepte de payer la communication) et les communications avec les pays qui ne sont pas encore raccordés à l'automatique international.

## COMMUNICATIONS PRIVEES

Les communications privées ne doivent pas être facturées à un numéro de l'ONU. Les fonctionnaires peuvent faire facturer leurs appels privés à un numéro tiers en s'adressant au standardiste de l'ONU. S'il est impossible d'imputer votre communication à votre compte du fait que vous n'êtes pas abonné au téléphone, vous pouvez utiliser les cabines téléphoniques publiques qui sont à votre disposition dans les différents bâtiments. Depuis certaines d'entre elles, il est possible d'effectuer des appels en PCV ou des appels imputés sur une carte de téléphone, sans avoir à utiliser de pièces de monnaie. La compagnie du téléphone fournit gratuitement, sur simple demande, une carte de téléphone aux abonnés. Les appels imputés sur cette carte reviennent 60 % moins cher que ceux facturés à un numéro tiers. Ces cartes ne sont délivrées qu'aux abonnés du téléphone.

## RENSEIGNEMENTS

Pour trouver le numéro d'un poste ou d'un bureau qui ne figure pas dans le présent répertoire, appelez le poste 0. Dans la mesure du possible, donnez votre numéro de poste à toute personne qui pourrait avoir besoin de vous appeler. Donnez à vos correspondants de l'extérieur votre numéro sous la forme suivante : (212) 963-XXXX.

## CHANGEMENTS DE BUREAU OU DE NUMERO DE POSTE

Pour tout changement de bureau ou de numéro de poste, envoyez la confirmation écrite sur formule attachée au répertoire téléphonique au bureau S-2286.

## ANNUAIRES

Répertoire téléphonique de l'ONU : pour en obtenir des exemplaires supplémentaires, s'adresser à la Section de la distribution.

Annuaire téléphonique de Manhattan : pour obtenir des exemplaires destinés au bureau, s'adresser au poste 3.7273.

Annuaire divers : d'autres annuaires téléphoniques des Etats-Unis et les annuaires d'autres pays peuvent être consultés sur place à la Bibliothèque (bureau L-105).

## LORSQUE VOUS REPONDEZ AU TELEPHONE

Nommez-vous ou nommez votre service.

## APPELS DANS LE PERIMETRE DU RESEAU URBAIN

Attendez la tonalité, chiffrez le "9", puis composez le numéro à sept chiffres pour Manhattan et le Bronx. Pour Queens, Brooklyn et Staten Island, composez les numéros suivants :

| Accès au réseau |   | Préfixe |   | Indicatif régional |   | Numéro de l'abonné |
|-----------------|---|---------|---|--------------------|---|--------------------|
| extérieur       | - |         | - |                    | - |                    |
| 9               | + | 1       | + | 718                | + | 555-1234           |

La durée et le montant de toutes les communications avec les cinq "boroughs" de la ville de New York sont automatiquement calculés par la compagnie du téléphone de New York et chaque communication est facturée à l'Organisation. Les fonctionnaires sont donc priés de limiter autant que possible le nombre et la durée de leurs communications.

## CIRCUITS LOUES

L'ONU loue des circuits directs desservant Addis-Abeba, Bangkok, Genève, Nairobi, Santiago et Vienne.

Ces circuits sont réservés exclusivement pour les besoins du service.

Pour atteindre Addis Abeba, Bangkok et Nairobi appelez le standardiste de l'ONU en composant le "0" et demandez si la ligne est libre. Les fonctionnaires sont priés de n'utiliser l'automatique international que si l'attente est trop longue pour l'accès à un circuit loué.

Vous pouvez atteindre Genève, Santiago ou Vienne et composez directement une extension sans passer par l'opérateur.

L'accès à ces localités se fait en composant l'indicatif d'accès au réseau loué demandé, attendez la tonalité du standard local et composez ensuite le numéro de l'extension de votre correspondant.

| LOCALITE | Code d'accès au réseau loué |
|----------|-----------------------------|
| Genève   | 26                          |
| Santiago | 29                          |
| Vienne   | 28                          |

1. Pour accéder à des bureaux des Nations Unies à Genève en dehors du Palais des Nations, tels que ceux des agences spécialisées, de même que d'autres numéros à Genève :

- Composez le 26 et attendez la tonalité du central téléphonique de Genève;
- Composez le "0" et attendez la tonalité du central de la ville;
- Composez le numéro que vous voulez atteindre à Genève.

2. Pour atteindre des bureaux à Santiago, en dehors de la CEPAL :

(a) Composez le 29 et attendez la tonalité du central téléphonique de la CEPAL;

(b) Composez le 9 et attendez la tonalité du central téléphonique de la ville;

(c) Composez le numéro que vous voulez atteindre à Santiago.

3. Pour Vienne, il n'est pas possible, pour l'instant, d'atteindre des correspondants en dehors des bureaux des Nations Unies à Vienne.

#### APPELS INTERURBAINS POUR LES BESOINS DU SERVICE

Si votre poste est relié à l'interurbain, vous pouvez appeler directement n'importe quel abonné aux Etats-Unis sans l'intervention du standardiste : l'automatique interurbain est aux Etats-Unis non seulement plus rapide mais aussi meilleur marché que l'interurbain manuel. Les fonctionnaires sont priés de limiter au strict minimum le nombre de leurs appels. Pour les appels interurbains, composez les numéros suivants :

|                 |   |         |   |                    |   |                    |
|-----------------|---|---------|---|--------------------|---|--------------------|
| Accès au réseau | - | Préfixe | - | Indicatif régional | - | Numéro de l'abonné |
| extérieur       |   | 1       |   | 201                |   | 555-1234           |
| 9               | + |         | + |                    | + |                    |

#### UTILISATION DE L'AUTOMATIQUE INTERNATIONAL POUR LES BESOINS DU SERVICE

Pour appeler directement Londres, par exemple, composez les numéros suivants :

|                 |   |                         |   |                   |   |                     |   |                    |
|-----------------|---|-------------------------|---|-------------------|---|---------------------|---|--------------------|
| Accès au réseau | - | Indicatif International | - | Indicatif du pays | - | Code d'acheminement | - | Numéro de l'abonné |
| extérieur       |   | 011                     |   | 44                |   | 1                   |   | 986-5432           |
| 9               | + |                         | + |                   | + |                     | - |                    |

Toutes les communications interurbaines et internationales sont facturées par la compagnie du téléphone au poste même d'où elles émanent, ce qui facilite les vérifications. Toutes ces communications, y compris les appels reçus en PCV, doivent être consignées sur un relevé spécial (formule COM.11) que l'on peut se procurer auprès du Groupe de contrôle des magasins (poste 3.7273). Toutes les communications à l'arrivée établies en PCV sont imputées au compte de l'Organisation et les fonctionnaires sont priés de ne les accepter qu'à titre exceptionnel et que si elles émanent de régions avec lesquelles les communications sont difficiles à établir.

Dès que vous obtenez le numéro que vous appelez par l'automatique international, signalez qu'il s'agit d'un appel international et demandez le poste que vous voulez joindre, si vous en connaissez le numéro. Votre communication sera ainsi acheminée aussi rapidement que possible au lieu d'être éventuellement laissée en souffrance. De plus, si votre correspondant ne répond pas au bout de la cinquième sonnerie, raccrochez et rappelez plus tard. En effet, l'ordinateur du système téléphonique de l'ONU assimile, à des fins statistiques, une sonnerie prolongée à une communication effectivement établie. Les communications par l'automatique internationale sont enregistrées automatiquement au compteur du poste demandeur dès l'instant où le correspondant répond.

#### INSTALLATION DE MATERIEL

Pour toute installation de matériel - transfert, ajout, déconnection ou changement - adressez au Chef de la Section des télécommunications, par l'intermédiaire de votre service administratif, une formule intitulée "Request for Telephone Services" (formule COM.10) que l'on peut se procurer auprès du Groupe de contrôle des magasins (poste 3.7273).

INSTALLATIONS - SERVICE TECHNIQUE : Appelez le 3.7523.

DERANGEMENTS : Appelez le 3.7033.

#### TEMPETES DE NEIGE OU AUTRES CIRCONSTANCES EXCEPTIONNELLES

Les fonctionnaires peuvent appeler le (212) 963-6866 pour savoir si le bâtiment est fermé à cause d'une tempête de neige ou d'autres circonstances exceptionnelles.
